

# QUICK FAB™

## CURVED BACKLIT FABRIC POP-UP INSTRUCTIONS

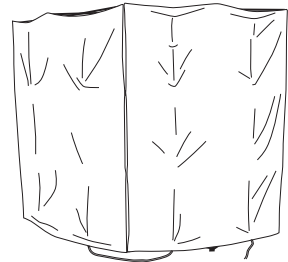

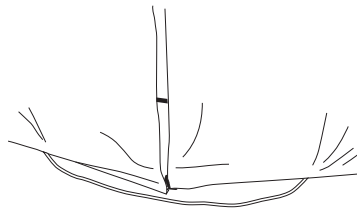

### Set-up:

1

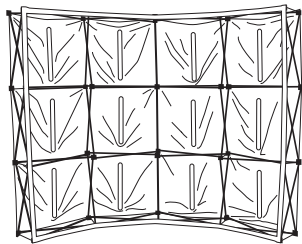

Attach both light blankets to the back side of the frame by attaching the Velcro tabs on the blanket to the hubs around the perimeter and down the center of the frame.

**NOTE:** Graphic should be on the frame before attaching the light blankets.

2

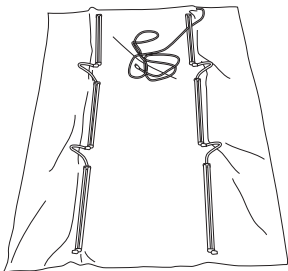

Using the connector cable, attach the light on the bottom of one blanket to the bottom light on the other blanket.

3

Plug in the light blanket.

### Packaging:

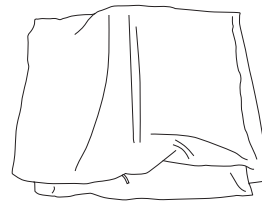

1

Lay blankets flat on ground.

2

Fold in half long ways.

3

Fold in 3rds.

4

Fold over excess fabric and place in shipping case.
